RE: MLPA (Marine Life Protection Act) INITIATIVE

"FUNDING ISSUE"

Dear Senator Feinstein:

My name is Chuck Tennin. I am one of your constituents.

I was asked to forward the enclosed contents for your review. I am writing to you on behalf of many thousands of Californian's that will be effected by the Implementation of the MLPA INITIATIVE.

The serious concerns by the people of California is the "FUNDING ISSUE" behind this Initiative. NO one seems to know where the Funding monies came from to Implement this State Law? , as to where the monies came from, how the monies were used or mis-used, (120 million dollars of Private/Public Funds to bail out the State to-date), and after this Initiative is Implemented, where is the estimated 60 million dollars to monitor and enforce the Initiative each year thereafter?? The State of California has NO budget and NO plan!

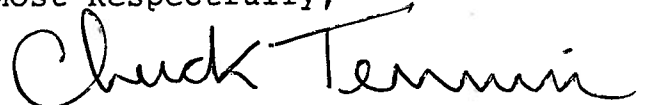

California State Senator's Steinberg, Ducheny, Dutton, and Flores are very concerned and wondering where exactly this 120 million dollars came from???

The people of California and the Public have a right to know. There needs to be a State Legislative Audit on where ALL these monies came from, how they were used or mis-used, and who is going to pay the 60 million dollars each year after Implementation. Especially, of a Budget Crisis and Economic Crisis.

We ask for your help in this matter. There needs to be ACCOUNTABILITY, FULL DISCLOSURE, TRANSPARENCY, A FULL AUDIT OF THE FUNDING. Politics should NOT be over Policy. And, this Funding should NOT be in the interests of a few, but ALL Californian's (Everyone's interests) especially because it will have a devastating effect on our already failing Economy in these times of Economic hardship, loss of Housing, Forclosures, and loss of jobs.

We would appreciate it very much if you would take the time to read the enclosed materials and act on it.

Most Respectfully,

Chuck Tennin, your constituent  
on behalf of many thousands of Californian's
